

School District No. 20 – JL Crowe Secondary School
Acceptable Use of Technology Policy
Student Guidelines

Access to the Internet and School District No. 20's networks is given as a **privilege** to users who agree to act in a lawful and responsible manner. You are agreeing to follow the rules in the District-Wide Application of Technology Policy while using the information resources, services and network of the District. If you violate any of these provisions, you might lose access to technology or have other consequences applied.

As a student, I agree:

- To use the information resources, services and network for educational purposes
- To follow accepted rules of behavior as would be expected in all School District activities or facilities
- To protect the privacy of my username and password from others
- To not make copies of, or modify files, data or passwords belonging to other users, or to use their name and password
- Not to reveal personal information, such as name, address or telephone number, without written permission from my parent or guardian
- To follow the rules of copyright laws
- To not use the Internet and network of the District for political lobbying, product advertising, personal profit, or private business
- Not to harm or destroy any hardware, software or data
- Not to participate in any actions, which may be considered inappropriate or dangerous to the integrity of Internet and District network
- Not to use obscene, sexually explicit, slanderous, malicious or threatening language or materials
- Not to change any computer settings without permission from my teacher
- To immediately notify my teacher should I access something questionable

I have read the guidelines for acceptable use, understand and agree to follow them. Should I violate the rules, I understand that I may lose the privilege of using the services of the school and district and will result in consequences appropriate to the situation.

The school will assume that the students' consent is given unless contact is made with the school administration. Please use the Refusal form provided or contact Mr. McKenzie directly.

The form can be obtained by clicking on the link under the Acceptable Use of Technology information on the website
